To Whom It May Concern

Letter of recommendation for Fuzzy Security Technical Capacity

I would like to recommend technical capacity for Fuzzy Security as we have done business of over US\$700 000 with the company. Our business relationship spans over four years.

Liquid Telecom has a running service agreement with Fuzzy Security and it has been the main supplier of electronic security services and equipment such as CCTV and Access control systems for all the organization's branches and operations nationwide.

We do not hesitate to recommend them for similar contracts as they have shown capacity, experience, reliability and professionalism in handling business.

Yours Faithfully

Kudakwashe S Chishumba | Head of IT
